### FROM THE DIRECTOR

"And after he had seen the vision, immediately we endeavored to go into Macedonia, assuredly gathering that the Lord had called us for to preach the gospel unto them." (Acts 16:10)

Twenty-five years ago a team of four traveled to Romania to see if the Rock of Ages would become an international ministry. It was on that trip we met many Christians that had suffered for years under communism that were longing to see the gospel preached freely in their country. I can still hear the cry of many asking if we would come and help them? I returned home with a new vision that the Lord would have us preach the gospel everywhere in the world that he would open the door. It is still the vision of the Rock of Ages to take the message of salvation to the entire world.

The Lord has opened the door to Hungary even wider. Brother Van Horn was in Hungary and was able to preach in various prisons, as a result he was highlighted on the Hungary National Website. Here is what the government stated.

In Christ's Service,

Dr. Ricky Dunsford  
Vice President, Rock of Ages

### FROM THE FIELD

#### An American in the Debrecen Prison

September 13, 2016

*"On September 12, 2016 our Institute was visited by Mike Van Horn who is the representative of the American Rock of Ages Ministries. The Bible based Reintegration Program, which was developed by the American organization, is applied in our Institute for one year and a half with success. Our guest partook in a Business Meeting with the Commander and the Chaplain of our Institute, and also with Zsolt Kovacs Minister who functions as the Hungarian representative of the Organization. At the meeting the participants evaluated the results that had been accomplished so far and discussed the possibilities of further development and improvement. After the constructive spirited discussion, the guest personally attended a Reintegration Class and spoke to the inmates."*

As far as we know prior to our visiting Hungary there were no Baptist witnesses in the prisons. While on the same trip Brother Van Horn visited the country of Albania and introduced our ministry and the Lord has again opened a great door.

One of the greatest areas of ministry needs overseas is the discipleship material. We are in great need of copy machines, paper and postage in several countries. Please help us pray for the support of the Titus Partners Ministries, which takes care of these needs abroad.

**Thank you again for your faithful prayers and support.**
