Mongolia

October 2016

Dear Loved Ones in Christ,

For the month of October we want to let you know what God is doing in one of the greatest, soul winning, ministries we have ever known. With so much happening it seems like it would take a book to make a full report. Since space will not allow, we will give an update on the anti-abortion clinic in Mongolia.

However, if anyone has any questions concerning this ministry please telephone, email, or write us a letter, and we will joyfully answer any questions that you have. This is God's ministry, not ours.

In our "Hope" pregnancy crisis center, we had 174 ladies come through our center from July 18 through August 31. Working with 1 ultra-sonogram doctor and 1 counselor we gave free pregnancy test, sonograms, and free counseling. Counseling is a vital part of this ministry, especially with those who are pregnant and abortion minded. Often the women are suffering from anxiety and family conflicts during this time. Nine of the woman came in with husbands and received counseling together.

Most importantly, all heard the Gospel and received Bibles in the Mongolian language.

The director of our orphanage, Namandakh (Sunshine), started a ladies fellowship meeting on Wednesdays at 3 PM at our pregnancy crisis center. Of the 174 women, 73 were pregnant and 27 of them were abortion minded. Nineteen of those left still undecided, while 8 decided to keep their babies. We make efforts to keep in touch with all the ladies, especially with those who did not make a decision.

Please pray for these ladies, that they would change their mind and will keep coming to the ladies meeting. Please pray for their salvation.

Thank you for being a big part of helping to save babies and most of all, for the souls that are saved.

Sincerely in Christ and in God's great love,

Bro. Tommy Tillman

Tommy Tillman, Director.
John 3:30

Hello from Harbor Evangelism, we would like to say how grateful we are for your prayers, and support of \$100 P.O. Thank you, and God Bless you all. In Christ, Leah Hendrick

The lady in the green blouse is the overseer of the hospital God let us build, two hundred miles into the Gobi Desert. She assigns beds to new nomad patients. She has been serving the Lord with us for 15 years. The Brother in the maroon colored shirt is Shaggie, our first convert and also my son's father in law. The other two men are pastors in two of our churches deep in the Gobi Desert.

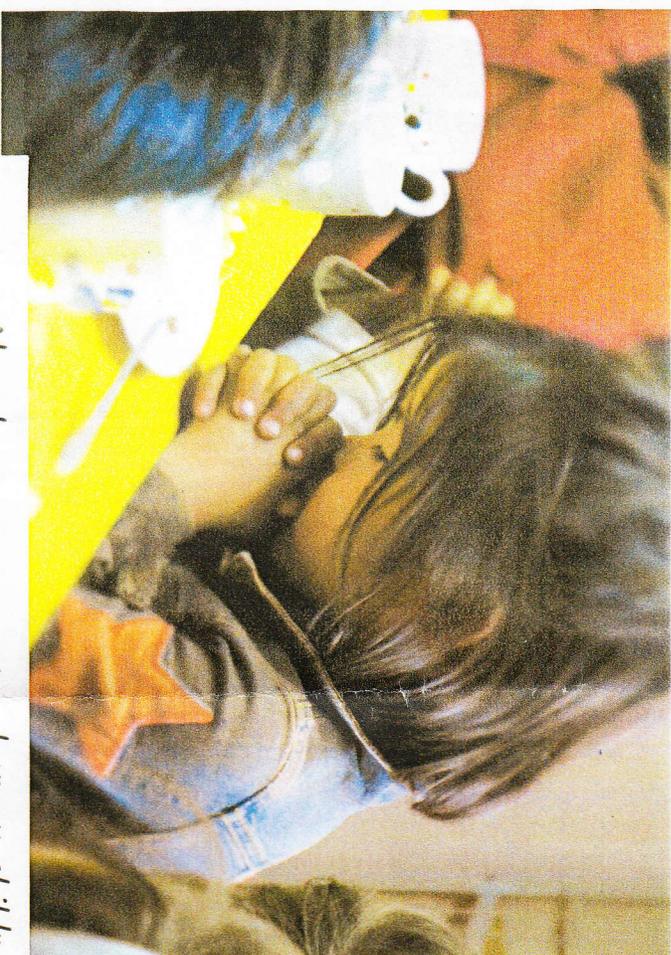

The lady standing up is our doctor in the hospital in the Gobi Desert. The others are nurses. God is good to us to give such good workers as this.

In our anti-abortion clinic this is one of our workers giving a sonogram test to a lady who visited to be tested and also witnessed to, to give birth to her child. The picture of the lady showing a small baby doll and what the baby would look like at birth.

*Now here we see some hungry children in one of our feeding centers
in the Gobi Desert of Mongolia.*
